PDP MENTOR CERTIFICATION

How PDP can help you develop effective, evidence-based chaplain services.

The PDP Mentoring Certification utilizes the comprehensive ProScan® reports and materials. Certified PDP facilitators guide Chaplains through the step-by-step process of strategically mapping an action plan with individuals, couples, families, or teams. The facilitator observes each Chaplain mentoring one person or couple after the one-day training. ProScan® survey data provides Chaplains with objective, easy-to-understand information on each person's strengths, work and communication styles, motivators, and stress levels. By developing the individual's strengths to the fullest capacity, Chaplains can maximize the organization's most valuable asset: **its people**.
